

Creating Magic
Through Chemistry

GRASIM INDUSTRIES LIMITED (CHEMICAL DIVISION)

As the flagship company of the USD 65 billion Aditya Birla Group, we stand as a diversified global player with a rich 75-year legacy. Our extensive network, featuring 8 manufacturing locations in India, positions us as the largest caustic player in the nation with 1 million tonnes of caustic sales annually.

We are setting new benchmarks in India's chemical industry with a strong portfolio of Chlor-Alkali products and an extended range of chlorine derivatives. Upholding a legacy of quality and reliability, we are steering the future of diverse global sectors.

Leaders in Chlor-Alkali with a growing portfolio of performance chemicals

Chlor-Alkali Products

- Caustic Soda Flakes
- Caustic Soda Lye
- Chlorine
- Hydrochloric Acid
- Hydrogen
- Sodium Hypochlorite

Brands

Chlorine Derivatives

- Poly Aluminium Chloride (Liquid and Powder)
- Stable Bleaching Powder
- High Strength Bleaching Powder
- Chlorinated Paraffin
- Aluminium Chlorohydrate
- Aluminium Chloride Anhydrous
- Calcium Chloride
- Phosphoric Acid
- Chloromethanes

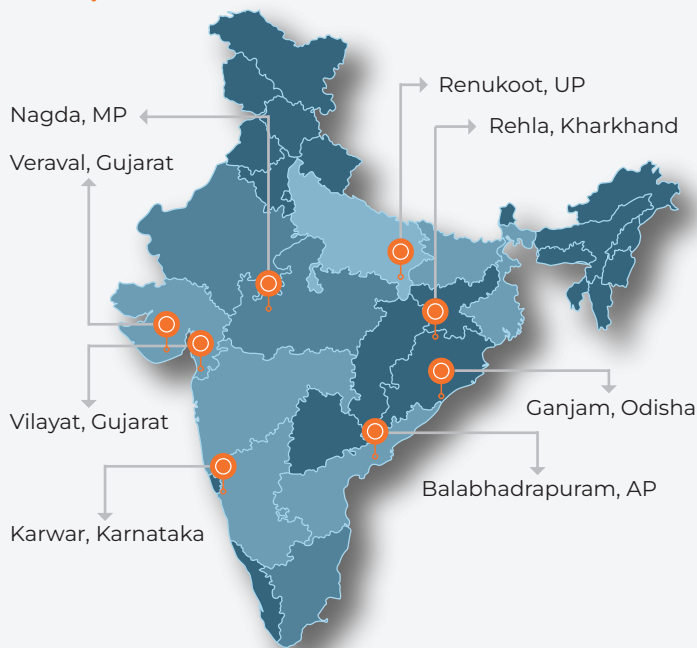

Leading India's Chemical Growth Story with Technical Expertise and Sustainability

At Grasim Industries Limited (Chemical Division), we have been at the forefront of India's chemical growth story, leading with technical expertise and a steadfast commitment to sustainability. Over the past 75 years, we have grown from humble beginnings to become a global leader in the chemical industry, serving multiple sectors across the world.

With a commitment to quality, innovation, and customer satisfaction, we have set new standards through global market leadership. From being the largest caustic player in India to pioneering efforts in municipal water treatment, we have made significant contributions to the Indian chemical industry.

8 manufacturing facilities in India

WATER TREATMENT

We offer a comprehensive range of products for sustainable water treatment in various industries, including municipal potable water, textiles, oil, metals, and paper.

Our solutions encompass coagulation, disinfection, and impurity removal.

PLASTIC ADDITIVES

We specialize in plastic additives that enhance the properties of high-performance plastics.

Our leading solutions improves plastic flexibility, tenacity, water repellency, and resistance to high temperatures and flame.

INDUSTRIAL SOLUTIONS

Our extensive product portfolio caters to diverse industrial applications and continues to expand.

Manufactured in state-of-the-art facilities, our products adhere to the highest quality and safety standards, ensuring consistent and reliable performance.

Performance solutions offered by domestic chlor-alkali business

Bio Security for Aquaculture

Chemically Resistant Plasticisers

Eco-friendly and Sustainable Plasticisers

Food Processing Derivatives

Personal Care, Anti-perspirant Actives

High Strength Bleach

Professional Disinfection & Cleaning Range

Institutional Hygiene

Clarification Solutions

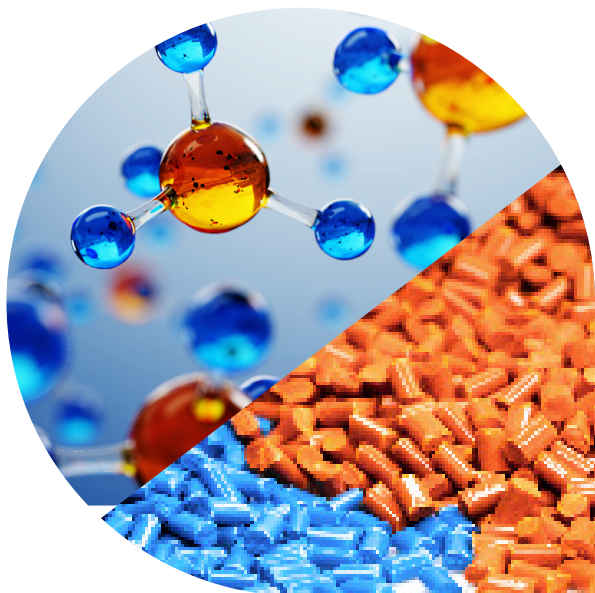

Water & Waste Water Treatment

Specialty Clarification & Coagulation Solutions

Aquaculture and Institutional Hygiene

R&D

Our top-notch Water Application Center at Vilayat, Gujarat and DSIR-approved Research and Development facilities are committed to developing customized solutions for water coagulation, clarification, and disinfection.

We have a plastic lab equipment with pilot plant to develop customized variant in the field of plasticizer.

We place a strong emphasis on continuous research and development to uphold superior quality and tailor our products to meet the needs of our customers.

Regulatory assistance adapted to the most demanding markets

Our team of specialists possesses in-depth knowledge of the latest developments in standards and regulations. Our chemistries adhere to the highest standards in the Chemical Industry market, including:

Technical Service

From product approval to after-sales technical service.

At our Application centers, we conduct thorough analyses and testing to evaluate the efficacy of our performance chemistries in various applications. Our specialized technical teams, focused on the Performance Chemicals sector, are based in Vilayat, Gujarat and are equipped to provide tailored support to meet the unique needs of your applications and markets.
